P.R. PLASTIC is quality system UNI EN ISO 9001:2008 certified

P.R. PLASTIC est certifiée UNI EN ISO 9001:2008

CERTIFICATO N°574 UNI EN ISO 9001:2008

P.R. PLASTIC offre una consolidata esperienza produttiva, commerciale e logistica: è un punto di riferimento prestigioso per esigenze di qualità, sicurezza ed affidabilità dal 1994. Una organizzazione agile e flessibile ruota intorno alle esigenze e soddisfazione del cliente che cerca design e finiture accurate, sia per la gamma standard che per soluzioni personalizzate. P.R. PLASTIC segue il progetto dalla prototipazione alla produzione interna e utilizza materie prime attentamente selezionate.

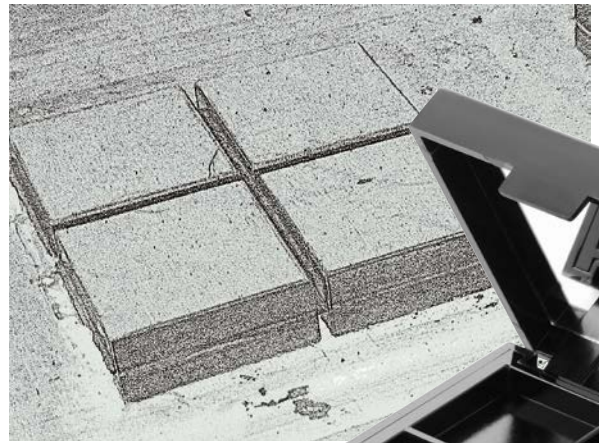

P.R. PLASTIC è presente in particolare nel settore del packaging cosmetico, dell'abbigliamento e della pelletteria. Ciò ha permesso di sviluppare un know-how particolarmente ampio, utilizzato in modo sinergico per rispondere prontamente alla continua evoluzione dei mercati con creatività e professionalità.

P.R. PLASTIC offers a consolidated production, business and logistic experience: it is a prestigious source for quality, safety and reliability since 1994. A flexible organization works around the needs and satisfaction of the customers who require design and quality of finishes, both for standard and personalised range. P.R. PLASTIC follow the projects from the design to the internal production and use very carefully selected raw materials.

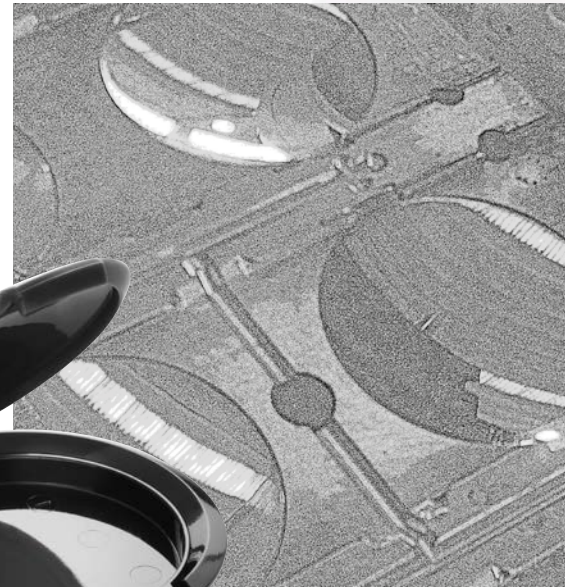

PR Plastic has specialized in injection moulding for the cosmetic packaging, clothing and leathersgoods. This synergic know-how and the wide experience in markets worldwide allow PR Plastic to respond promptly, professionally and creatively to customer demands.

P.R. PLASTIC offre une solide expérience de production, commerciale et logistique: elle est un point de référence prestigieux pour la qualité, la sécurité et la fiabilité depuis 1994. Elle a une organisation agile et flexible pour répondre aux besoins et à la satisfaction des clients qui cherchent design et finition, soit pour la gamme standard soit pour les solutions personnalisées. P.R. PLASTIC suit le projet à partir du prototype jusqu'à la production interne et l'utilisation des matières premières soigneusement sélectionnées.

P.R. PLASTIC est principalement présente dans le secteur du packaging cosmétique, du vêtement et de la maroquinerie. Cela lui a permis de développer un know-how particulièrement ample, utilisé d'une manière synergique pour répondre immédiatement à l'évolution continue des marchés avec créativité et professionnalisme.

MADE IN ITALY

PROGETTAZIONE E PRODUZIONE

Dopo anni di esperienza nel settore, a richiesta progettiamo e realizziamo stampi per la produzione di packaging personalizzato o delle sole parti interne, adatte alle singole esigenze.

Offriamo servizio di prototipazione in diversi materiali.

DESIGN AND PRODUCTION

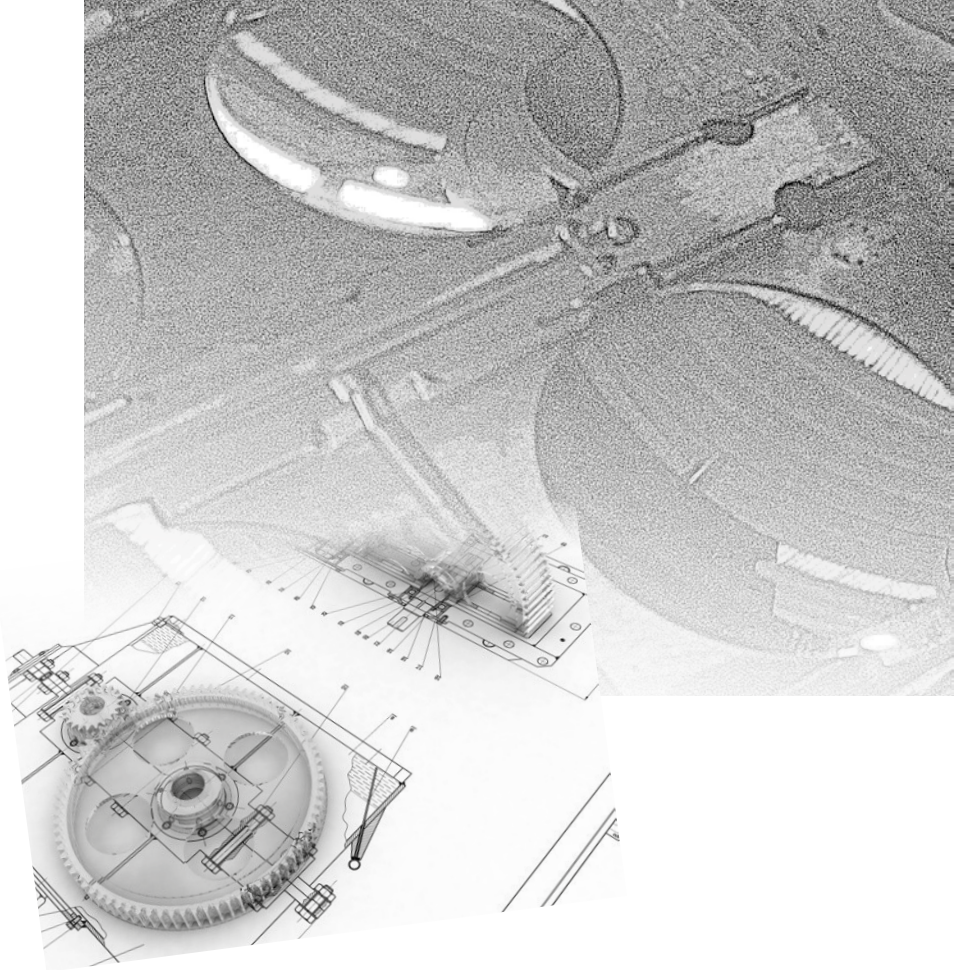

After many years of experience in cosmetic packaging production, we design and we make moulds for the manufacture of personalized containers and for inner parts of already existing products in our range.

We offer the prototyping service in various materials.

PROJECT ET PRODUCTION

Après nombreuses années d'expérience dans le secteur, sur demande spécifique des clients nous concevons et réalisons des moules pour la production du packaging personnalisé.

Nous offrons un service de prototypage dans des différents matériaux.

Materiali Eco-sostenibili ed
Eco-certificabili, su richiesta

Eco-sustainable and
Eco-certifiable materials, on request

Matériaux Eco-certifiables et
respectueux de l'environnement, sur demande

We take care of the environment!
